For Franchisors...

**IFX WILL PAY YOU:** Our new '**Powered By**' program turns your IFX Intranet Portal into a revenue generator ultimately covering the cost of your IFX Platform and/or supplementing your National Ad Fund.

**IFX NO-COST INTRANET PORTAL PROMO READY:** If you are a franchisor with 25 or more franchisees and/or 25 or more franchised locations, we will build, train, host and administer your branded IFX Intranet Portal and we will waive the Initial Set-up Fee. \*

**IFX INTRANET PORTAL WAIVER OF ONGOING FEES:** In addition, we will waive your Intranet Portal's 1st Year Annual Hosting and Support Fees. Of course, we will still provide 100% of our training, onboarding and support services to your company so you can truly capitalize on our most popular module... at no cost to you. \*

**IFX 3.0 READY FOR FRANCHISE OPERATIONS AND FRANCHISEE LAWSUITS:** IFX's Intranet Portal is the central 'go to' platform all of our clients' use for communication, collaboration, legal compliance, help desks/chats and document delivery... which includes 100% audit trail receipt tracking.

If 50 years from now, a franchisee files a lawsuit claiming they never received answers to any of their questions and can't seem to remember watching any of your training videos... You're Covered! Your entire IFX Platform has built-in receipt tracking and version control that report on user access and activity going back to somewhere around the Neolithic Period, long before Raquel's movie poster. Even terminated users and deleted documents can be 'unarchived' for auditing purposes.

**IFX TEAM READY:** We are blessed to have such a great in-house support team for Clients to work with. Our Clients know we are continually investing into their IFX Platform. But, they really appreciate our investment in 'Best-in-Class' service offered by our USA-based Support Team. They are 'the IFX edge' providing technical support for all IFX Modules, as well as Strategic Support covering Best Practices specific to running a successful franchise organization.

**38 Years of Franchise Management Experience**  
**29 Years of Franchise Technology Experience**

Would you like a No-Cost Intranet Portal? Would you also consider any of our additional low-cost franchise-centric add-on modules as your grow?

**LIMITED OFFER:** This program is limited to the first 10 franchise organizations that sign up.

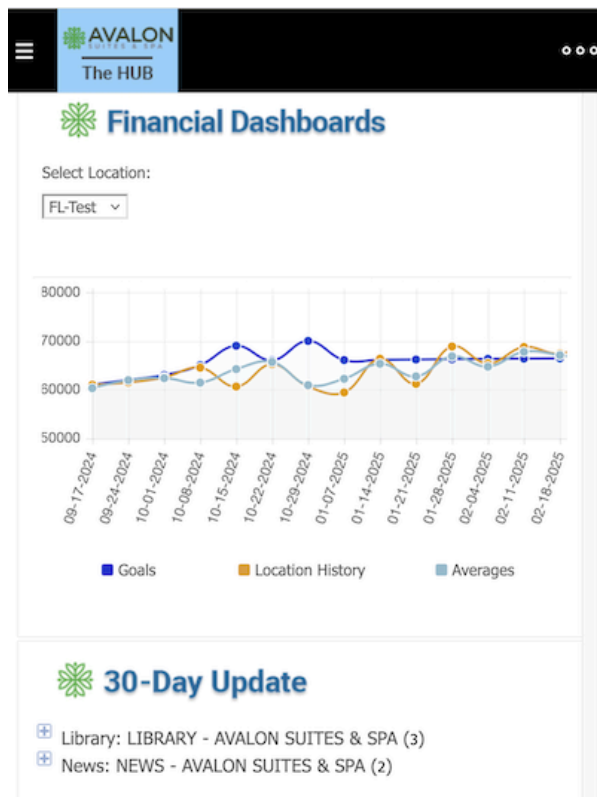

Call or Email to set up a one-on-one session with IFX.

Sincerely,

Dan Martin, CFE  
President/CEO  
IFX
